Summary

I recently completed my BE in Mechanical Engineering and i
am currently immersed in the dynamic field of Java Full Stack
Development through a comprehensive course at Jspider Institute.
My expertise spans SQL, Core Java, OOP, Exception Handling,
Collections, and Problem Solving. Additionally, I possess a robust
foundation in web technologies, including HTML, CSS, Tailwind, and
JavaScript.

Currently, I am expanding my skill set to include modern frameworks
such as React.js, and diving into backend technologies like JDBC,
Hibernate, and Spring Boot. I am passionate about creating
innovative solutions and thrive in the ever-evolving landscape of Full
Stack Development.
